

# The Lunchroom

by: Marcellus McCormack

School is the best and if I can change the lunchroom I would add deserts, talk more, and change the lunch schedule. Thats what I will do if I could change the lunchroom.

First, I would add deserts. Deserts are so so good. For example, cake, ice cream, cup cakes, and popsicles. Those deserts are so much good. Thats what I know about deserts.

Next, I would make us talk more. If we get to talk more I would talk to my friends. If I talk to my friends they would talk to me. Talking is so fun. Thats what I will do if I could talk every day.

Finally, I would change the schesaul. If I changed the schedule I would put chicken nuggets, bread, and milk on your tray. Thats what one days schedule is. If you come to school I could change the schedule.

Thats what I would do if I could just change the school a little to add deserts, talk more, and change the schedule. This will make the school better. That would be so fun. Do you want to change the school? This is the best school ever!
